Blue Care Network provides coverage for this procedure for adult BCN Advantage members who meet medical necessity criteria. Submit authorization requests through e-referral.

The submitter will receive a prompt to complete a questionnaire to determine the appropriateness of the requested service. The questions are listed below.

If all questions are answered, e-referral will either approve or pend the case. If the case pends and BCN cannot authorize it, BCN will contact the provider for additional clinical information. Authorization is not a guarantee of payment.

Payment is based on established claim edits. Compliance with this prior authorization requirement will be monitored retrospectively.
