

In some situations, you may not know which orthopedic or spinal procedure will be required in advance of a surgery or the surgical plan may change intraoperatively. As a result, the procedure code TurningPoint authorized may not represent the procedure that was actually performed.

You'll need to determine whether you can substitute the code for the procedure that was actually performed for the code TurningPoint authorized. If you can substitute the code, you won't need to contact TurningPoint to update the procedure coding.

## Determine whether you can submit a claim with a substitute code

Here's what you need to do:

1. Determine whether the procedure code TurningPoint authorized appears in one of the substitution tables later in this document.
2. Do one of the following:
  - If the procedure code TurningPoint authorized **isn't** listed in the "Authorized procedure code" column, contact TurningPoint to update the procedure coding.<sup>(1)</sup>
  - If the procedure code TurningPoint authorized **is** listed in the "Authorized procedure code" column, see the "Substitution codes" column and do one of the following:
    - If the code for the procedure that was performed is listed as a substitution code, you don't need to contact TurningPoint. Instead, submit the claim with the code for the procedure that was performed.
    - If the code for the procedure that was performed isn't listed as a substitution code, contact TurningPoint to update the procedure coding.<sup>(1)</sup>

If you file a claim using a substitute procedure code, Blue Cross or BCN will process the claim based on the code for the procedure that was performed.

## Orthopedic and spinal procedure code substitution lists

Unless otherwise noted, substitution codes are accepted as follows:

Groups or members	Dates of service on or after	
	Orthopedic	Spinal
Blue Cross commercial fully insured groups, self-funded groups and members with individual coverage <sup>(2)</sup>	1/1/2021	1/1/2021
Medicare Plus Blue members	7/1/2020	1/1/2021
BCN commercial members	7/1/2020	7/1/2020
BCN Advantage members	7/1/2020	7/1/2020

In most cases, the codes TurningPoint approved (first column) are interchangeable with the substitution codes (second column). However, prior to submitting a claim with a code other than the one TurningPoint approved, be sure to consult this document and verify that the code you plan to submit is allowed as a substitution.
