Confidence comes with every card.®

Blue Cross and BCN have partnered with RJ Health Systems to give our providers a web-based tool they can use to assist them with billing National Drug Codes. With this tool, starting with a HCPCS/CPT® code, NDC, or drug name, you will quickly identify the correct NDC to bill along with the correct billable units and units of measure. Learn more about this new tool and get your questions answered at one of our upcoming webinars.
